HAND HOLDING
SUPPORT TO RURAL
CHILDREN FOR
QUALITY EDUCATION

बचपन वापस आ जाता तो मैं क्या करता
हर पुस्तक को हर अक्षर को मन में भरता
ज्ञान और शब्दों की पूंजी लेकर जग में जाता
कदम बढ़ाता ,किसी तोप से कभी न डरता.

आइये ... थामिए हाथ ...नन्हीं
संभावनाओं का
शिक्षा में सहयोग से साकार
कीजिये अनगिन सपनों को

EDUCATION

KEY TO SUCCESS

Over the past few years India has given a huge number of talented Engineers, Doctors, Entrepreneur, Artists, Economists and Scientists to the World. However, our potential is not only limited to this number.

Because ,

70% of India's population resides in rural India,
which lacks primary and quality education.

Paradox

This seems that such a big population i.e 1.2 billion is a hurdle in our development. However, We can change this hurdle in to strength If we can really educate this number, we would eventually have 50cr youth minds and India would be the biggest global power.

GROUND REPORT

Yes, we do have a well defined government school structure in our country but we definitely know what's the ground reality -

NO PRE SCHOOL EDUCATION

LACK OF PROPER TOOLS AND TECHNIQUES

NO ENGLISH LANGUAGE

LACK OF MOTIVATION IN TEACHERS

Vibhavari an Ngo, has come up with an idea to run a school serving quality education in Rural area and hence evolved with **WINNER School**.

WINNER School

With few contributing friends and institutions, Vibhavari has taken a significant step to make this a reality by establishing a School in an remote village Gola Guthan in Dewas District (MP) in the year 2019. The school situated at a strategic location making it accessible for about 25 villages of roughly 20 kilometers in all directions.

It is beautifully built in the abode of nature, amidst forest area. The school has all the modern amenities like schools in developed cities.

VISION

WINNER School is heartily dedicated to overall development of children. We don't believe in only catering academic duties but we believe and strive to create good human being.

-

MISSION

- To Build a Modal school up 12th where the children of farmers and labors can get quality school education.
- To promote girl child education with very special emphasis and dedication
- To work in the field of sports, music and arts for giving exposure to village talent and overall development of students
- To provide career guidance and encourage students to build a successful career and setting up career guidance center exclusively for this purpose.
- To develop the school as an Information & Learning Center for youth by conducting vocational courses like basic to advance computer courses, pri-school teacher course (Montessori alike)etc.
-

APPROACH

- Pre-school education with Montessori tools
- NCERT standard books and syllabus in all classes
- Spoken English classes
- Science lab & Computer lab
- Audio Visual based smart classes
- Spacious Classrooms
- Library
- Playground
- Dining hall with hygienic food

HOLD OUR HAND

Children of landless, marginal farmers and labors are enrolled in Vihan Public School who can not bear the burden of school fees of their wards. You can take a step forward and support us in this alchemy, so that education should not be compromised.

“Hold our hand” is a very simple and transparent plan where in we propose to endow 50% of school fees of a child. This scheme will furnish a very big help to child’s parent and would also motivate them, keeping their self respect subtle as well.

A small step in this direction would naturally contribute to our nation’s growth and would be a big leap towards humanity.

WINNER : support modals

- **Modal 1 : Donate your knowledge & Skill :** School needs qualified teachers , who can edictally work for these children. We offer our invitation to retired teachers or other professionals who can give service as a social work. School can pay a remuneration and provide accommodation & food in the campus.
- **Modal 2 : Contribute in funds :** The school runs in a very cost effective manner as the fee is merely Rs.400-600 per month, which is also not affordable by most of the parents. We don't trust in free education in this modal , we propose a hand hold support modal . We made a support fund account which supports for books , stationery and other expenses. We may use this fund for helping a girl child parents. Anybody can donate a amount and get a reciet to get a income tax exmation benefit too .

-

Donations

- You may donate 5000 INR per annum and take responsibility of one student .
- VIBHVARI has FCRA , if you person belongs to
- VIBHAVARI has 80 G
